

Self-Introduction

Hi, my name is Noor Fatima, and I'm from Lahore, Pakistan. I'm currently pursuing a Bachelor's degree in E-Commerce at the University of the Punjab, Lahore, and I have completed six semesters of my degree.

I'm particularly interested in Digital Marketing and Social Media Marketing because I enjoy creating content, exploring social media trends, and learning how brands connect with their audience online. I'm also interested in improving my skills in content creation, Canva, and social media management.

Overall, my experience at Internee.pk has been really good and I've learned a lot throughout this internship. Working on different tasks has helped me improve my skills in social media marketing, content creation, and using Canva.

I also got a better understanding of how things work in a professional environment. I'm happy with what I've learned during this internship, and I believe this experience will be helpful for me in my future career.
